Profile

As a software engineering student at NED University, I'm passionate about creating innovative solutions to complex problems. My skills in coding, design, and project management allow me to learning in a broad manner. Whether I'm working on a solo project or collaborating with a team, I bring a strong work ethic, attention to detail, and a can-do attitude to every task. Outside of my studies, I'm always seeking opportunities to expand my knowledge and skills. I'm an active member of the tech community, regularly attending conferences and networking events to stay up-to-date on the latest industry trends. I'm also a firm believer in giving back.
